

EASIER LAUNDRY

With the CSC GO™ Mobile App

Download the CSC GO App

- 1 Visit your laundry room.
- 2 Scan the QR code on the front of any machine using the camera app on your phone.
- 3 Download the CSC GO™ mobile app on your iOS or Android device.
- 4 Enter your email address and create a password. **Do not assign a debit or credit card - the machines run free.**

**The laundry machines can be started without the app, but to see machine status & availability you will need to download & view the app.*

Let's Do Laundry

Load and Select Cycle

Load laundry into an empty machine and select a cycle on the machine.

Scan & Press Start

Open the CSC GO™ app on your phone and scan the QR code located on the front of the machine. *Press start on the app and then press start on the machine.

See Machine Status

Easily monitor machine progress and receive a notification when a laundry cycle is complete (notifications are only available when starting a machine with the app).

Turn on notifications to receive a text when your laundry is complete.

Within the app, go to:

More > Notifications > Swipe right to turn on.

CSC GO™ is designed for smartphones.

Tablets may show machine activity, but you will not be able to receive a notification via a tablet.
